Veolia North America

Hello Michelle,

You are invited to attend a webinar about the latest e-Manifest developments and how Veolia will prepare customers for the June 30th, 2018 launch. Seats are limited, so please register ASAP.

With the deadline nearing, many customers are still uncertain about the impact this regulation will have to their operations. This webinar will help to inform customers on what they need to know and understand the changes that will come under the EPA's e-manifest regulation.

In this webinar, we will cover:

- A recap of the e-Manifest ruling and how we got to where we are
- Review how Veolia will institute the e-Manifest guidelines for our customers
- Offer insight on registration on the EPA's website and how to access your information
- How paperwork will change and an introduction to the five-part manifest form
- A discussion about fees
- Question & Answer session - see info below

Event info: Tuesday, June 26th at 1:30 pm EST.

Duration 1 hour

We will record the webinar, and it will be available on our e-manifest page.

We anticipate significant interest and will not open phone lines for questions. In advance of the call, please send any questions you may have to emanifestquestions@veolia.com. We will try to offer insight or answers to these questions during the call, and you will be able to use the chat feature during the call.

Veolia's goal is to make the transition to the e-Manifest regulation implementation as seamless as possible to our customers.

Sincerely,

Tom Baker
Vice President, EHS&T
